

## **Messy Church: Joseph**

### **Night-time Plates**

Make night skies from silver/gold star stickers and glitter glue on black or dark blue paper plates.

### **Cake-in-a-Mug**

You will need to provide one or two microwaves (two is better so that it doesn't become overheated) and plenty of mugs and plates, as well as the recipe ingredients. It's also nice to provide a copy of the recipe for families to take away with them.

The recipe instructions should be self-explanatory. By far the easiest method when doing it at Messy Church is to make up a batch of liquid ingredients (say two quantities) and a little measuring jug for scooping out 2 fl oz per cake.

### **Joseph's Robe - Two Activities**

- 1) Cut up old sheets and add a strip of cloth to one end to tie around the neck. Let the children have a go with a sewing machine to create a hem around the strip of cloth.
- 2) Decorate with paints/strips of as many different coloured fabrics as possible.

### **Happy or Sad?**

Paper plates on lolly sticks or canes: sad face on one side, happy on the other. Provide wool, buttons, etc. to use to collage the faces as well as felt-tips.
